Shouldn't we be referring this gentlemen to Amy, dph present owner and the Navy to see what type of closure sampling was done on excavated pit prior to backfilling this area?

Hi Lily,

My name is Behzad and I received your contact information from Lennar Group.

I am considering to purchase a condo in Shipyard but concerned with regard to site contamination especially radiation levels at Hunters Point after seeing this video

I have a **one year old baby** and was wondering if it is a safe place to live to raise a kid? Based on your best knowledge, would you please share your thoughts?

Best,  
Behzad
